

Natureland Wet Weather policy

The decision to postpone due to rain is yours to make.

Please make the decision to postpone as early as possible.

Ask the co-ordinating teacher to contact the Natureland Educator to leave a message on the office phone on 03 548 6166. *Before 8.00am is best.* Alternatively, if you have a cellphone number attached to our booking please send a text message.

We will only cancel a trip if there is a hazard at the zoo that is beyond our control. If you decide to proceed in the rain it is important to note that we are predominantly an outdoor zoo and there are limited spaces for shelter in wet weather. If it does pour with rain once your group has arrived, we can arrange another day to visit at no extra charge.
